Dear friends and customers,

I am pleased to present my new catalogue. Most of my book stock was gathered in the last 20 years and contains many rare and seldom offered items. I hope you will find something of interest in this catalogue, otherwise I am in the position to search any book you find difficult to obtain. Please send me your want list. I am always interested in buying books, journals or even whole libraries on all fields of science (zoology, botany, geology, medicine, archaeology, physics etc.). Please offer me your duplicates.

Terms of sale and delivery:

We accept orders by mail, telephone, fax or e-mail. All items are offered subject to prior sale. Please do not forget to mention the unique item number when ordering books. Prices are in Euro. Postage, handling and bank costs are charged extra. We are required to charge our EU customers 6% VAT (TVA, BTW) unless they possess a VAT registration number and live outside of the Netherlands (please quote your VAT number when placing orders!). Books are sent by registered surface mail (unless we are instructed otherwise) upon receipt of payment. Confirmed orders are reserved for 30 days. If payment is not received within that period, we are in liberty to sell those items to other customers. If you pay by cheque we have to add € 10,- bank charges. Return policy: Books may be returned within 7 days, provided we are notified in advance and that the books are well packed and still in good condition. Full refund.

 The grape pest Phylloxera vastatrix was introduced from America into Europe in the 19th century, and caused much damage. This Monograph, by one of the Champagne Delamotte family? (although the first part is signed "Delamotte, Vétérinaire de l'Artillerie d'Alger", and the last part is signed "Delamotte, Vétérinaire en premier du 11e Dragons à Tarascon"), was published during at least 6 years. I could not trace it in my bibliographies or the internet, apparently it is quite rare.
