

List of smaller malacological Works

March 2010

On request of several of my customers I am putting my smaller papers / booklets on sale through this list.

To be handled orders from this list must attain or exceed 20 euro, or be supplemented by another purchase from my main catalogue.

If you want to know from which journal(s) these papers came from, ask me first before making a final order. Make sure you are certain that you do not already have the papers you ordered; **these small papers are not taken back if you have them already.**

Papers are mostly reprints from journals, or papers taken out of journals (disbound). Papers may have small imperfections, or library stamps, previous owner's names or annotations.

Abbreviations:

cl = cloth

db = disbound (taken out of journal, no covers)

hb = hardbound

hcl = half cloth

pb = paperbound

repr = reprint but without wrappers

st = stapled

wrps = wrappers (can be plain new ones or original printed ones)
